

# Hawaii Tours Resume after 2 Years

Supporting customers from before departure,  
during the stay in Hawaii and the flight back

H.I.S. Co., Ltd. (HIS hereafter. Headquartered in Minato-ku, Tokyo) will resume Hawaii package tours from May 1, 2022. This will be the first time in approximately 26 months since March 2020 that HIS will resume Hawaii tours.

Due to Covid-19, HIS had decided to cancel overseas package tours since the end of January 2020. To Hawaii, all package tours were cancelled from the end of March 2020 when the 14-day quarantine requirement for travelers was announced, and have not been resumed for more than two years. In response to the exemption of quarantine requirements of Japan and the lowering of the infectious disease risk level to the United States, tour professionals traveled to Hawaii to confirm that the local safety and operational travel arrangements were in place, and decided to resume package tours starting on May 1, 2022. HIS Hawaii branch will provide 24-hour local support.

## ➤ Hawaii Tours by HIS - Safety and Peace-of-Mind Support
